SUMMIT

ART CATEGORIES

GALLERY SUBMISSIONS · MONET'S MINIONS

INTRODUCTION

- This year’s Summit includes two art categories, presented by the Art Society. These categories focus on reviving traditional art, which is constantly being pushed away due to the rise of AI.
- Humans create art to express themselves and to convey a story or an emotion, while AI creates soulless ‘art’ by stealing the works of other artists.
- This year we hope to inspire people to create more art and become more human by introducing art categories in Summit.

CATEGORY OVERVIEW

GALLERY SUBMISSIONS

- The submission category is designed to give students creative freedom while depicting a theme in their art works.
- Students create pieces inspired by theatre, and may depict the theme either explicitly or implicitly.
- Any and all mediums other than digital are allowed.
- This category challenges students’ creativity and originality in a world where humans constantly need the help of AI to think for them.
- The ten best art works will be displayed at the society fair, as art is always meant to be admired.

MONET’S MINIONS [LIVE]

- This category challenges students to create something personalised and unique while copying from a reference image. Students are presented with a generic reference image, which they depict in their individual art style.
- Any and all mediums other than digital are allowed.
- The category is open to grades 8 to 11, with a senior division (grades 10–11) and a junior division (grades 8–9). Each division is given a separate reference.

EXPECTATIONS

SUBMISSIONS

- The art work must be at least 10 inches in width or length.
- The art work must align with the theme.
- The art must be Sharia compliant, meaning no live beings can be depicted in any form.
- Absolutely no suggestive themes.
- The use of AI in art works will not be tolerated.
- Originality and uniqueness are expected in the art work.

MONET’S MINIONS

- The art work must be at least 10 inches in width or length.
- The art work must very clearly be inspired by the given reference image.
- Students may bring a pre-made rough sketch of the reference image to the category, however the sketch cannot include any colouring or shading.
- Students must complete their art work within the given 1 hour 15 minutes on the first day.
- Students must depict the reference image in their individual art style, using any medium.
- Students must bring their own tools and art supplies. Only a coloured print of the reference image is supplied.
